National 4-H Club Camp - Washington, D. C.
June 19, 1936

Number 2

The National Broadcasting Co. is giving the 4-H Club Camp delegates and their leaders a real opportunity to forward their organization.

Today four of our young ladies were interviewed on Station WRC, Washington. Our Maine, Florida, Maryland, and West Virginia representatives were interviewed by Mrs. Helen C. Douglas and Miss Mary Mason.

Sunday afternoon at some moment between 1 p. m. and 1:45 p. m. a number of our campers will be interviewed by Mr. John B. Kennedy, nationally known news commentator and former editor of a large weekly magazine.

Then on Monday will come our first regular program on the National Farm and Home Hour. The entire camp will attend this broadcast, and the 4-H Club's own Marine Band will be there. The program will be given at the Marine Barracks at 12:30 p. m., June 22, 1936.

Another broadcast will be given from WMAL, Washington, at the same hour on Wednesday, June 24, 1936.

Fun at Beltsville

Just about everything happened on our visit to the Beltsville experiment farm.

My first experience was one of being mixed up with the rabbits, so that my friend and I almost were left in the rabbit barn.

The building for rat experiments did not attract the young ladies. One was heard to remark, "Please hurry, I'm smothering."

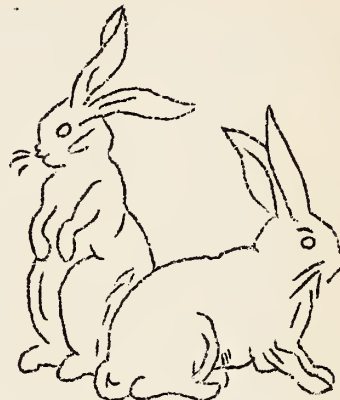

The bull exerciser was interesting, but most of us were sorry for the bull.

We were told that the goat barn would be so interesting that it would be hard for us to leave. However, when one of the goats tried eating nice clean uniforms on two of the young ladies, from Georgia and Florida, the leaving turned out to be a rather easy matter.

Those were not earrings on the goats! ! At least the man in charge of the building said that a recent visitor thought that was what they were.

After the bus started it backfired, and someone said that I jumped out of my seat and into the next one. I am not sure myself.

One of our bus drivers remarked that he would join the 4-H Club if he could get something to eat. He got something to eat but I do not know about his membership application.

Quite a few of the delegates have been featured in pictures taken by local newspapers. Clippings are kept in the Press Tent, and you may place your order for copies with someone there. The papers cost 3 cents each.

If you are not assigned to write for the 4-H FORAGE on some event and feel that you would like to contribute, turn your copy in at the Press Tent.

THIS IS YOUR CAMP PAPER AND CONTRIBUTIONS ARE WELCOME

DID WE EAT?

It was 6:35 when a hungry bunch of 4-H club boys and girls - almost as hungry as wolves - assembled on the lawn at Beltsville to have their picnic dinner.

It was a welcome rest because we were weary and we enjoyed the shade of the great trees.

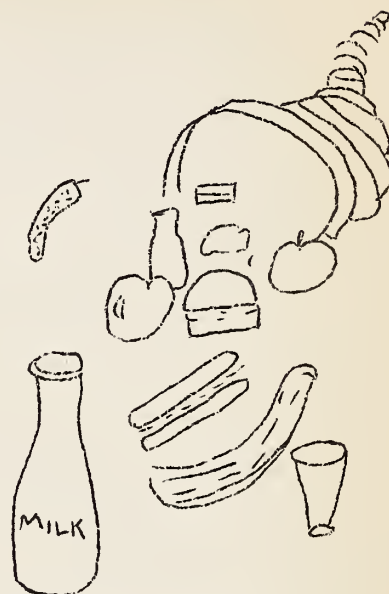

Our rest was not for long, for soon two lines were formed and the food was served to each of us. There was plenty for all and very shortly everyone was happily eating on the terraces about the beautiful building.

It is rumored that the girls almost got a milk beauty bath.

Everyone enjoyed everything - the leaders as much as the delegates - and Mr. Cruikshank said that his bird imitations would perhaps suffer from his indigestion.

BIRDS AND SONGS

I am afraid that our sing on the lawn at Beltsville suffered from the very hearty picnic luncheon that we had just finished.

Miss Gardner led our songs, and I am sure that we all gathered spirit from her enthusiasm.

The imitations and bird stories by Mr. Allen Cruickshank were very interesting.

The pictorial world tour and the interesting stories of historical interest were appreciated by all of us.

Everyone caught their bus and enjoyed the cool ride back to camp. Some may have wished to stay at the farm, but I believe that we welcomed our beds after such an active day.
